

LIKA CARE TEAM — AWARENESS & CONSENT GUIDELINES

Standard Operating Procedure (SOP) | Equinox Hamburg 2026

1. Core Philosophy & Safer Space Manifesto

Lika events exist to cultivate authentic sensual expression, dance culture, and community trust. Affirmative, continuous, and enthusiastic consent is mandatory. A clear 'No' is respected immediately, and silence or ambiguity always equals 'No'.

2. Shift Structure & Active Presence

The Care Team operates in 3 distinct shifts of 2-3 persons each, marked with discreet violet light bands. At least one Care Lead is stationed in the Cuddle Puddle Retreat, while two roving Angels patrol the Dance Floor, Cage, and Upper Area.

3. De-escalation & Incident Response Protocol

Step 1: Check-in with the affected person in a quiet zone (Lower Lounge or Care Corner).

Step 2: Prioritize emotional safety and emotional grounding.

Step 3: If boundary violations occurred, escalate to Core Circle and Door Lead for guest expulsion without debate.

Step 4: Complete an incident record in the Lika Shift Planning OS log.

4. Harm Reduction & Physical Care

Free drinking water, electrolyte tablets, organic fruit, earplugs, barrier contraceptives, and menstrual products are available at the Care Station at zero cost.

5. Volunteer Care & Debriefing

Every Care volunteer is entitled to a mandatory 2-hour rest window between shifts and a group debriefing session at 05:45 with the Core Circle.
